# World-Class Performance, Quality, and Program Expertise

---

---

Tronex International is an award-winning, medical-based global enterprise, delivering an extensive range of disposable personal protective equipment to top-tier customers in healthcare, foodservice, government, hospitality and the cleaning industry.

With over three decades of focused expertise in advanced, head-to-toe disposable PPE, Tronex sets the industry standard—bringing critical health and safety solutions to the world with confidence and trust.

## Highly Resilient and Efficient Global Supply Chain

- Vast, geographically diverse manufacturing and distribution network
- Strategic forecasting and U.S.-based safety stock in anticipation of dynamic market conditions
- Proven program inventory planning system delivers 99.9% fill rates

## Industry-Leading Manufacturing Excellence

- State-of-the-art production in ISO and U.S. FDA-certified factories
- Stringent manufacturing and compliance monitoring to meet and exceed all industry standards
- Unwavering quality-consistency across global production facilities

## Transparent and Dedicated Customer Care

- Passionate business development and account support teams
- Relentless commitment to service excellence and responsiveness
- Collaborative program management delivers optimized, cost-effective solutions

## Tronex: The Choice

---

---

- Clinically preferred products incorporating the most advanced materials and construction for superior protection, performance, and user experience
- Continually updated product line to meet evolving infection control and cross contamination protection trends
- Comprehensive solutions used in one-third of the nation's hospitals
